

Base plate

aluminium, black

Robust aluminium base for larger fixtures

- One piece made
- Easily stackable
- Punched edges with holes
- Lightweight

Robust, flexible, comfortable – these three words sum up Major floor plates made from stainless steel and aluminium. Thanks to a number of holes and mounting options, they are suitable for a wide range of spotlight types.

This stand has been designed specifically for the base of the VL1000/1100 and therefore provides very practical use. It can also be used for many other spotlights up to 30kg.
